(a)
Oracle gap over 61 traits
Cumulative share of the 61 traits
66% of traits
below 0.001
89% of traits
below 0.005
Oracle gap: largest in-sample R² any
spectral filter could add over the best ridge
(b)
Observed gain against the oracle gap
observed gain = gap
Observed held-out ΔR² of the power filter
Rice
Wheat
Mouse HS
Rice RDP1
Sorghum
Oracle gap (R², log scale; 0 shown at 10⁻⁵)
